EDUCATION

DMI St Eugene University

Lusaka, Zambia

Diploma in Registered Nursing

December 2025

- Relevant Coursework: Anatomy and Physiology, Microbiology, Pharmacology, Med-Surgical, Mental Health

TECHNICAL SKILLS

- Vital signs monitoring (BP, pulse, temp, respirations, O₂ sats), wound care, catheter care, NG tube assistance, IV line management, apgar scoring, suctioning, BMV support, labor support, blood glucose checks.

RELEVANT WORK EXPERIENCE

Kabwe Women, Newborn and Children's Hospital

Kabwe, Zambia

Student Nurse

July 2025 - September 2025

- Offered care to premature and ill neonates, including feeding support, thermoregulation, oxygen therapy, and IV fluid assistance.
- Educated mothers on kangaroo care, breastfeeding, and infection-control practices to reduce complications and promote neonatal stability. Completed neonatal post-mortem care sensitively and according to protocol.

Kabwe General Hospital - Clinical Attachment

Kabwe, Zambia

Student Nurse

January 2025 - March 2025

- Maintained a sterile field and assisted in cesarean section, lower-limb amputation, and exploratory laparotomy by preparing instruments and managing surgical workflow.
- Performed supervised suturing during abdominal closure, demonstrating technical competency and adherence to sterile technique.

Levy Mwanawasa Hospital - Midwife Rotation

Lusaka, Zambia

Student Nurse

July 2024 - August 2024

- Identified clinical indicators of obstructed labor and escalated to medical team, assisting with emergency preparations for surgical delivery.
- Carried out maternal and neonatal resuscitation efforts and performed post-mortem care in alignment with hospital protocols.

Chainama Hills Hospital - Psychiatric Ward Rotation

Lusaka, Zambia

Student Nurse

June 2024 - July 2024

- Utilized therapeutic communication to build rapport with a patient experiencing psychosis and medication refusal, improving adherence by addressing paranoia and delivering consistent support.

Mwachisompola Rural District Clinic - Antenatal & Labor Ward

Chibombo District, Zambia

Student Nurse

April 2024 - May 2024

- Provided evidence-based antenatal teaching on nutrition, supplementation, hygiene, and high-risk behaviors to facilitate healthy pregnancy outcomes.
- Led neonatal resuscitation for a newborn with an APGAR of 2/10 by initiating warming, clearing airway, and administering positive-pressure ventilation until spontaneous respirations began.

Matero Level 1 Hospital - Night Shift Clinical Rotation

Lusaka, Zambia

Student Nurse

September 2023 - October 2023

- Intervened in emergency management of injured, hemodynamically unstable patient by applying sterile saline dressings and performing rapid ABC assessments, contributing to stabilization for surgery.
- Provided therapeutic communication and procedure explanations to a distressed trauma patient, reducing anxiety and increasing cooperation during urgent care.

University Teaching Hospital - Clinical Attachment

Lusaka, Zambia

Student Nurse

April 2023 - May 2023

- Nurtured post-operative patient recovering from lower limb amputation by performing saline wound cleansing and infection-healing assessments, resulting in stable wound progression and early risk identification.
- Implemented a two-hour repositioning schedule and gave hygiene care for an immobile patient, mitigating risk of pressure injuries and enhancing overall comfort.

ADDITIONAL SKILLS

- Strong communication, empathy, and cultural sensitivity; effective teamwork and collaboration; adaptable across units with sound clinical judgment; reliable time management, attention to detail, and critical thinking; maintains professionalism, ethical practice, confidentiality, and patient education skills.
